

RIDER A

RENEWABLE ENERGY SUBSCRIPTION PROGRAM

1 APPLICABILITY AND AVAILABILITY

This Rider is available to any Customer on a voluntary basis as a companion and in addition to the Customer's regularly service rate. The Customer may subscribe to purchase renewable energy attributes (renewable energy) for all or a portion of the monthly energy consumption.

This Rider is not available to Customers receiving temporary service.

2 DEFINITION OF RENEWABLE ENERGY

Renewable energy means – energy delivered from sunlight, wind, falling water, sustainable biomass, energy from waste, municipal solid waste, wave motion, tides, and geothermal power. Under this Rider, Renewable Energy may be supplied from any renewable resource. The Customer may receive a blend of these resources.

3 RENEWABLE ENERGY SERVICE OPTIONS

This rider provides Customers with two options to purchase Renewable Energy from generation facilities that use renewable energy resources to generate electricity.

- 3.1 100% of the Customer's monthly energy consumption** will be served with the renewable energy attribute associated with solar or hydro power. The renewable energy rate is \$.008 per kWh. This charge is in addition to all other charges for service.
- 3.2 50% of the Customer's monthly energy consumption** will be served with the renewable energy attribute associated with solar or hydro power. The renewable energy rate is \$.008 per kWh. This charge is in addition to all other charges for service.

4 TERM OF CONTRACT

The minimum term of service under this Rider is six months. Termination of service under this Rider must be given at least thirty (30) days prior to the end of the contract term. Charges under this Rider become part of the Customer's bill and are subject to all applicable collection procedures. The Town reserves the right to limit participation in this program subject to the availability of Renewable Energy.
